

ALACER GOLD CORP.

ENVIRONMENT POLICY

As a leading mid-tier gold producer, Alacer Gold Corp. (the “Corporation”) is committed to undertaking its activities in a manner that minimizes the impact of its operations on the environment and ensures the responsible stewardship and on-going management of natural resources.

The Corporation and its directors, officers, managers and employees will:

- Comply with all applicable environmental laws and regulations in the jurisdictions in which the Corporation operates;
- Meet the requirements of applicable industry standards;
- Assess and design projects such that environmental risks are identified and addressed to minimize environmental impacts;
- Continually drive improvement of environmental performance;
- Ensure Corporation requirements and obligations are clearly communicated to all contractors undertaking work on Corporation controlled sites;
- Ensure that environmental impacts are considered in business decisions;
- As part of the Corporation’s business planning and budgeting processes, include sufficient funding to implement this Environmental Policy;
- Allocate appropriate resources to provide periodic training and awareness to all employees and contractors in relation to environmental obligations and objectives; and
- Ensure that the planning and financial provisioning of the rehabilitation and closure of the Corporation’s site operations are done in a manner that minimizes social and environmental impacts.
